Deputy Chief Editor of Chinese Journal of Laboratory Medicine, etc.

Published more than 300 academic papers in domestic and foreign journals, edited and translated 5 monographs.

Speaker: Prof. Mario Plebani

Professor of Clinical Biochemistry and Clinical Molecular Biology at the School of Medicine, University of Padova, Chief of the Department of Laboratory Medicine at the University-Hospital of Padova, Italy.

President of the International Society of Enzymology for four years (2004-2008). President of the Federation of Italian Societies of Laboratory Medicine (FISMeLAB, 2009-2012).

Editor-in-Chief of *Clinical Chemistry and Laboratory Medicine*, and Co-Editor in Chief of *Diagnosis*.

Published 1200 full papers, more than 900 abstracts and several books and book chapters.

Speaker: Prof. Qiwen Yang

Deputy Director of Department of Clinical Laboratory of Peking Union Medical College Hospital, China.

Secretary General and steering committee member of Chinese Committee of Antimicrobial Susceptibility Testing, European Committee of Antimicrobial Susceptibility Testing.

Vice Chairman of the Youth Committee of the Chinese Medical Association Medical Examiners Branch.

Published more than 100 papers on antimicrobial resistance epidemiology, pathogenesis of clinical bacteria, etc.

The COVID-19 pandemic is having a large impact in everyone's lives. Over the past few months the entire world has been jointly fighting against the virus all together. Mindray, as the leading medical device company in China, has been at the forefront of this battle. We have been increasing production capacity, working with medical professionals on improving diagnosis as well as treatment, and supplying much needed medical equipment to the hardest-hit areas such as the HuoShenShan Hospital (centered in Wuhan City).

Mindray has also gained valuable knowledge and experience related to the COVID-19 that we feel would be beneficial for you. This is why we would like to hold a series of webinars for the purpose of sharing this experience with you through the most accessible way.

For this 3rd Episode of Clinical Diagnostic Webinar, we are honored to invite Prof. Chengbin Wang, Laboratory Director of the first Medical Center of P.L.A. General Hospital & the Chairman of Chinese Society of Laboratory Medicine, Prof. Qiwen Yang, Deputy Director of Department of Clinical Laboratory of Peking Union Medical College Hospital in China, as well as Prof. Mario Plebani, Professor of Clinical Biochemistry and Clinical Molecular Biology at the School of Medicine, University of Padova in Italy. We hope this webinar will greatly improve your understanding of COVID-19 and provide you with knowledge and guidance on the diagnosis of the disease from a clinical professional's perspective.

Time(Beijing Time)	Topic	Speaker
20:00-20:05	Introduction of Speakers & Topics	Prof. Chengbin Wang
20:05-20:50	The Central Role of Clinical Laboratory in Diagnosis and Management of COVID-19	Prof. Mario Plebani
20:50-21:35	Virus Antibody Detection in the Management of COVID-19: Experience in China	Prof. Qiwen Yang
21:35-22:00	Live Q & A online	Both Speakers

We sincerely look forward to your attendance. Please kindly scan the QR code at the top to access the webinar.
